

Editorial Policy

The aim of this Sustainability Website is to ensure that all our stakeholders (employees, customers, suppliers, shareholders, investors and local communities) have a thorough understanding of the Nippon Kayaku Group's ESG (Environment, Social and Governance) initiatives. The information published here chiefly pertains to the Important Sustainability Issues we identified in FY 2022. We are making the most of the website's features to publish comprehensive information on our policies, organizational structure, performance indicators, initiatives and numerical data. We also report on various guidelines (such as GRI and ISO26000 standards) depending on how important we deem them to be with respect to our group and society at large.

Third-Party Inspections

Since 2021, the Nippon Kayaku Group has sought to increase the reliability of its environmental performance data on greenhouse gas emission levels (Scope 1, Scope 2 and Scope 3). To that end, it has commissioned third-party inspection reports from Sustainability Accounting Co., Ltd. and subsequently published the results. From 2023, the inspection report covers levels of energy consumption, water use, and waste alongside greenhouse gas emissions.

For further details, please see the section on [Independent Third-Party Inspection Reports](#).
